April 21, 2016

To the Editor:

The current Board members of the original Czech Heritage Club would like to inform the community that we have recently reorganized. We are in the process of being incorporated and look forward to continuing our promotion of the Czech Heritage through the two events we founded; the Czech Village at the Dožínky Fall Festival and the European Christmas Event.

It has come to our attention that there is another group of individuals calling themselves by a very similar name. We are writing this letter to inform you that it will be us, the original Czech Heritage Club organizers who will continue to host these events.

We take our mission of *Preserving the Past for the Future* to heart, and will be bringing back local Czech talents to the Czech Village in September. We are pleased to say that we were again awarded a grant from the Metropolitan Regional Arts Council (MRAC) which will help us continue to bring these talents, plus other diverse European style entertainment and crafts, to the European Christmas Event on December 4th.

Czech Heritage Club members,
Vi and Stan Chromy, Deb and Arnie Ziskovsky and Claudia and Bob Tuma
